# How to Activate your software license

Example step by step activation

Software license activation

- The procedure shown in this demonstration is the same for all our software products

- This Example uses one of our software to demonstrate the activation process

- It shouldn't take you more than few minutes to complete!

Software license activation

1. Download the FULL VERSION of the software product you purchased using the URL link provided in the purchase email

This email usually arrives within few minutes of purchase! Check spam/junk mail folders if you have not received it!

Software license activation

2. Install the software on your computer

Be sure to remove any demo version associated with the product you are installing!

Software license activation

3. Run the software

4. Software activation screen should appear as shown on the ==EXAMPLE== screen shot below

==This is the SITE CODE==
This value is automatically generated by the software

(THE VALUE IN THIS IMAGE IS AN EXAMPLE - PLEASE USE YOUR OWN SITE CODE)

==This is the Serial number==
Find this in the purchase email

Site code

3023D373-6E76-64EE-E761-2EBF

Activation code

⊙ Unlock application

Serial number

| Activation center | Manage License | View log |

○ Enter application   LOCKED

| Cancel | Continue >> | English ▼ |
