# How to Remove your software license

Example step by step license removal

## Software license removal

- The procedure shown in this demonstration is the same for all our software products
- This Example uses one of our software to demonstrate the license removal process
- It shouldn't take you more than few minutes to complete!

There are 2 methods available to remove software licenses.

We will go through METHOD 1 in this presentation!

#### METHOD 1

1. Press the "Ctrl" button on your keyboard then release it

to activate the license removal process.

#### 2. Run the software,

You should see the a screen similar to the one shown below:

| ictivation code     |               |                                |                                |
|---------------------|---------------|--------------------------------|--------------------------------|
|                     | لي<br>ال      | Remove license                 |                                |
|                     |               |                                |                                |
|                     | Serial number | XXXX-XXXX-X                    | X-XXXX-XXXX                    |
|                     | Serial number | XXXX-XXXX-XX<br>Manage License | x-xxxx-xxxx<br>View log        |
| • Enter application | Serial number | XXXX-XXXX-XX<br>Manage License | X-XXXX-XXXX<br>View log<br>SED |

#### Software license removal METHOD 1

3. Select "Remove license" and click on "Continue >>" button

|                     | F30CAC17-86AB-40AB-E3C5 | -£87C   |
|---------------------|-------------------------|---|
| Activation code     |                         |   |
|                     | Remo                    | ve license                                      |
|                     |                         |   |
|                     | Serial number           | XXXX-XXX-XX-XXXX-XXXX                           |
|                     | Serial number           | XXXX-XXXX-XX-XXXX-XXXX<br>Nage License View log |
| C Enter application | Serial number           | XXXX-XXXX-XX-XXXX-XXXX<br>hage License View log |

4. A confirmation message box will appear; click on "Yes" to confirm license removal

5. A Unique removal code will be generated for your software.

(This code will allow you to release the license from the activation center)

Example Code shown below for demonstration purpose

#### Software license removal METHOD 1

|          | FE93ACC7      | Removal code               |                   |   |
|----------|---------------|----------------------------|-------------------|---|
|          | License succe | essfully removed. Please s | ave removal code. |   |
|          |               | G                          |                   |   |
| <i>.</i> |               |                            | OK                | _ |
|          |               |                            |                   |   |
|          |               |                            | English           |   |

MAKE A NOTE OF THE LICENSE REMOVAL CODE!

6. Visit the activation center

https://license.webbusterzengineering.com or http://license.webbusterzengineering.com

The login form should be displayed as below;

Enter your "Username" and "Password" to login

### Software license removal METHOD 1

| LOGIN                             |
|-----------------------------------|
| ▲ USERNAME                        |
| ······                            |
| Remember me                       |
| Forgot password?                  |
| Login                             |
| Click here to create new account. |

7. Click on "Manage your licenses" OR "Orders" link

### Software license removal METHOD 1

#### 8. Click on the KEY icon to view licenses for selected order
